## BOYS & GIRLS CLUBS OF GREATER MILWAUKEE AIMS TO MAKE THE HOLIDAYS SPECIAL FOR MILWAUKEE'S YOUTH

*2020 Holiday Toy Drive kicks off with goal of providing kids with a joyous and bright holiday season*

Boys & Girls Clubs of Greater Milwaukee works to ensure the youth we serve always have what they need from exceptional programming to safe spaces, warm meals, and mentorship.

We also want to ensure their holiday season is warm and bright, so the Clubs are collecting toys to provide each Club member with a gift to unwrap this holiday.

With a goal to collect 1,000 meaningful toys for all age groups, there are a number of ways individuals, families, groups and companies can get involved and help make the Boys & Girls Clubs of Greater Milwaukee's 2020 Toy Drive a success:

Shop BGCGM's Amazon Wishlist for a contactless way to donate at:

[bgcgmm.club/ToyDriveWishList2020](https://bgcgmm.club/ToyDriveWishList2020).

Donate wrapping supplies including gift

bags and tissue paper.

Assemble holiday decoration kits for each of BGCGM's 35 sites, ensuring a festive atmosphere for Milwaukee's youth.

Organize a safe, socially distant caroling outing at a Boys & Girls Clubs site.

Write holiday cards with joyful messages to our youth to be included with their gifts.

Make a monetary donation at [bgcmilwaukee.org](https://bgcmilwaukee.org).

Aldi, We Energies Foundation and Meijer are all lead sponsors of the Toy Drive. Join them and become a sponsor as well. Learn more at [bgcmilwaukee.org/toy-drive](https://bgcmilwaukee.org/toy-drive).

"It's been a challenging year, and we want to do whatever it takes to make Boys & Girls Clubs of Greater Milwaukee's 2020 Toy Drive a success. Imagine the impact you'll have when you ensure a child has something special to open that's just for them!

Or imagine the joy you will bring to our youth and hard-working staff with your decorations or caroling," said BGCGM President and CEO, Kathy Thornton-Bias.

Individuals, families or groups can email McKenna Olson at [mckenna.olson@bgcmilwaukee.org](mailto:mckenna.olson@bgcmilwaukee.org) to share how they would like to support Club kids this holiday season.

McKenna will provide the necessary information and support to ensure their efforts are successful.

For those choosing to donate toys, wrapping supplies or cards, please connect with McKenna to arrange pick-up or drop-off (if not ordering from Amazon).

# SPECIAL FOCUS COPING WITH COVID-19

## In light of pandemic, flu vaccinations more important than ever for people at highest risk

American Heart Association provides resources to help keep people flu free

**NNPA Newswire/Dallas** – The American Heart Association, the leading voluntary health organization devoted to a world of longer, healthier lives, is helping to keep families and communities safe from the flu by providing facts, resources and encouraging people to get a flu vaccine.

"Getting the flu vaccine is especially important this year. If you get the flu, you may need to be hospitalized, in this time of COVID-19, in an already overwhelmed healthcare system. Get your flu shot.

Avoid getting the flu. Stay out of the hospital due to the flu," said Eduardo Sanchez, M.D., M.P.H., FAAFP, American Heart Association chief medical officer for prevention and former commissioner of health for the state of Texas. "In a normal year, the flu is serious and can even cause death. The flu vaccine can

# Flu vaccinations more important than ever for people at highest risk during pandemic

**“Getting the flu vaccine is especially important this year. If you get the flu, you may need to be hospitalized, in this time of COVID-19, in an already overwhelmed healthcare system. Get your flu shot.”**

keep you out of a hospital.”

While it is important for almost everyone six months and older to get a flu vaccine, it's especially important for those at highest risk:

- Seniors and people with underlying risk factors such as

heart disease, stroke and diabetes, among others.

According to the Centers for Disease Control (CDC), those 50 years-old and older, living with one or more chronic conditions, are at high risk for the flu.

Those who aren't vaccinated are six times more likely to experience a heart attack

- Children, especially those who are under 5 years-old and those who are back in school.

Children who are vaccinated are 74% less likely to be hospitalized due to the flu.

- Pregnant women – those who are vaccinated are 40% less likely to be hospitalized due to the flu.

According to the CDC, people who are Black or Latinx may be at increased risk for the flu and are least likely to get the flu shot. Over the past 10 flu seasons, non-Hispanic Black people were hospitalized at the highest rates and Latinx people were hospitalized at the third highest rates for the flu.

Native Americans were second highest.

Some people have misinformation and concerns about the flu vaccine, causing them to skip it altogether. Here are some facts:

**The vaccine does not cause the flu.**

The flu vaccine cannot cause the flu. It may cause very mild side effects. The most common are soreness, swelling or redness on your arm near the site of the shot that might last only 1 or 2 days. However, the mild symptoms you might experience from the vaccine are much less severe than the flu itself.

**It is safe and effective and easy to access.**

The flu vaccine is safe and effective for preventing the flu, and is easy to get at places that are taking extra safety measures like:

- Your doctor's office,
- Pharmacy, and
- Some employers that are providing drive-thru vaccinations.

**It is accessible even without insurance.**

Many community pop-up vaccination sites, federally funded programs, local health departments, community health cen-

ters and some places like churches and community centers offer the vaccination at no cost for those who qualify.

**It is not too late to get vaccinated.**

Flu season typically peaks between December and February, so getting the vaccine now is better than waiting. You need at least two weeks for your body to develop antibodies to the virus. However, being vaccinated anytime during flu season is better than not at all.

“No one wants the flu. The best way to keep your family and yourself safe from the flu is by getting the flu vaccine and as with COVID-19 prevention, wearing a mask, washing your hands often, and social distancing helps,” said Dr. Sanchez. “Don't forget to take your mask when you go for your flu vaccine.”

The American Heart Association's flu vaccine campaign is made possible nationally in part by generous support from the Anthem Foundation and Sanofi Pasteur.

# Milwaukee Restart 2.0 Begins Grant Distribution

*Program Provides Assistance to Small Business During Pandemic*

The City of Milwaukee has started distributing grants to small businesses in the second round of the Milwaukee Business Restart Program.

In total, the city expects to distribute up to \$10-million in this round of Restart.

“As the pandemic continues to limit the ability of many small businesses to operate normally, the grants from Restart can be very important to them. The city’s hope is that jobs can be preserved and neighborhood character can be maintained,” Mayor Tom Barrett said. “Milwaukee is a resilient community, and that resilience is being tested as the COVID-19 impacts continue.”

Restart uses federal relief funds to assist established Milwaukee businesses as they recover from COVID-19-related setbacks. The Restart program closed the application process in early October.

As of today, 728 grant applications have been approved for small businesses. A total of more than \$9-million has been committed to those approved businesses.

The Department of City Development is still reviewing 59 applications which, if approved, will bring the total distributions to nearly \$10-million. \$1.7-million has already been sent to the grant recipients.

Of the approved Restart applications, about 50% of the businesses are minority owned. More than 45% are women owned.

Established Milwaukee businesses with twenty or fewer full time equivalent employees and annual revenue of less than \$2-million were eligible to participate. Businesses that previously received Restart grants could apply again, but no business will receive a combined total of more than \$25-thousand.

In addition to grants for personal protective equipment, restocking perishable inventory, and physical improvements to reduce COVID-19 spread, grantees can use money from this round of Restart for some rent and utility payments and winterizing outdoor spaces.

A wide range of businesses applied for grants in categories such as retail, hospitality, and service businesses. In the latest round of the Restart program, several new categories of businesses were added including home based businesses, food trucks, licensed daycares and state licensed group homes.

City government is working collaboratively with the Milwaukee Economic Development Corporation on Restart 2.0. Additionally, the City engaged the Latino Entrepreneurial Network, the Milwaukee Urban League, and the Wisconsin Women’s Business Initiative Corporation to assist small businesses in preparing the online application.
